Press Release: Basel, 20th May 2014 – for immediate release

Congrex Switzerland completes realignment with injection of CHF 1.5 M in the company's equity.

The management of Congrex Switzerland together with private investors have injected CHF 1.5 M in cash sustaining its strategy of continuous organic growth as an expert in the association and congress services market.

The independent Swiss PCO has very successfully started into its business year 2014. With its office in Basel, short decision-making processes, flat hierarchies and highly qualified staff, Congrex Switzerland moves into the future strengthened and confident.

"All the congresses this year for which we deliver services have increasing participant figures. Our clients and suppliers continue to give us encouraging feedbacks." said Alain Pittet, Managing Director of Congrex Switzerland, and added: "The financial strength helps us to continue to contract new business and renew existing agreements".

As an association and congress expert Congrex Switzerland aims to increase its market share with clear and transparent partnership agreements and flexible and tailor-made services of high quality.

About Congrex Switzerland:

Congrex Switzerland provides consultancy and management services in the areas of association and congress management including accommodation and travel, both as a full service provider and by offering taylormade packages.

Congrex Switzerland caters to clients from national and international associations to governmental organisations and corporations.
